

## The PerryScope (for the week ending 11/10/19)

With Congress on recess this past week, the fine people at [PA Statewide Indivisible](#) have assembled some special content:

With the Impeachment Inquiry moving into a new phase, we are seeing GOP politicians trotting out a whole lot of nonsense about Democrats doing nothing but impeachment. So we've got the facts to refute that silly claim. Right now the House has passed more than \*\*\*THREE HUNDRED\*\*\* bills that Mitch McConnell is sitting on; he's not letting them move ahead in the Senate. Speaker Pelosi referred to it as the "McConnell Graveyard." We've taken a closer look at thirty of those "graveyard" bills. They cover topics such as:

- [Election Security](#)
- [LGBTQ civil rights](#)
- [Dreamers](#)
- [Equal Pay](#)
- [Background Checks](#)
- [Climate Change](#)
- [Homeless Veterans](#)
- [Pension guarantees](#)
- [Raising the Minimum Wage](#)
- [Counterterrorism](#)
- [The Rape Kit Backlog](#)
- [Protections for people with Pre-existing conditions](#)

And we have mini-recaps on dozens more bills! They are short one-pagers, with key information like if a bill passed unanimously, had bipartisan co-sponsors or received bipartisan votes. We hope you will find this information useful, and that the next time you see someone go on a "do nothing-Dems" tear, you'll toss out info about some of these bills right back at them! MoCTrack also has regularly updated at-a-glance vote trackers for all of our legislators. Visit [here](#) to see a running tally of how our 18 House members voted, and [here](#) for our two Senators. Each sheet has links that bring you to short explainers for all votes tracked. It is updated each week with the bills covered in MoCTrack, and it is sortable by topic.
